YOUR CHARGING STATION PROFESSIONALS

EVLUTION ENERGY

// GOVERNMENT AND COMMERCIAL

CAPABILITIES STATEMENT

EV charging infrastructure consulting and project delivery, nationwide

UEI KLDCB8N9FYM5 | CAGE 8QNS8 | Primary NAICS 541690

COMPANY OVERVIEW

EVlution Energy LLC is a Hawaii limited liability company registered on March 5, 2020, with a single purpose: electric vehicle charging. We help organizations plan and deliver EV charging infrastructure that fits their sites, vehicles and budgets, from site assessment to commissioning support.

We are active in SAM.gov and work with public sector buyers and prime contractors as well as commercial clients, and we are open to subcontracting and teaming on EV charging scopes.

Who we serve: federal, state and local agencies; prime contractors; commercial property owners; multifamily properties; fleet operators; workplaces.

CORE COMPETENCIES

EV charging consulting

Charging program strategy; charger type and count planning; and plain-language recommendations.

Site assessment and feasibility

Use case review; existing electrical service and capacity questions; siting, accessibility and parking layout; and budgetary cost ranges.

EVSE installation project management

Level 2 and DC fast charging projects from equipment selection and procurement through inspection, commissioning and closeout. Installation by the client's preferred electrician or by our licensed electrical partner.

Fleet electrification consulting

Charging needs by vehicle and duty cycle; depot and workplace charging strategy; and phased rollout planning.

Funding and incentive research

Identifying federal, state and utility programs that may apply to a project and organizing the information needed to pursue them.

DIFFERENTIATORS

- Nationwide service
- Single point of contact from assessment to closeout
- Focused on EV charging since formation in 2020
- Veteran-owned (self-certified)
- Registered and active in SAM.gov
